BRIEF INTRODUCTION

TARPAULIN AND CANVAS EQUIPMENT

LOGISTICS EQUIPMENT

OUTDOOR EQUIPMENT

Shenzhen Minghua Sewing Product Co., Ltd, established in 2009, is a large and medium size enterprise in the field of tarpaulin and canvas products of China which integrates the research and development, manufacture and management. MH sewing is the privately owned technology company of Shenzhen, China.

With our rich experience and prosperous development, our company has set up three business divisions, i.e. tarpauling and canvas equipment, logistics equipment and outdoor equipment and its products include PVC tarpaulin, canvas tarpaulin, trailer cover and truck tarpaulin and the customized products with abnormal type or tarpaulin and canvas equipment in the special industry; five tarpaulin system of logistics and intermodal container; tent, camouflage net, tarpaulin of military vehicle and covering cloth, gas model, outdoor package, swimming pool and soft water pot and so on. "Quality wins the customers' trust" is the eternal tenet of MH Sewing and the company adheres consistently to the more prudent attitude and guaranteed heartedly to the consistency, stability and reliability of quality of products and with the pursuit of zero defect in products. And also passed many certifications of international standard system and inspection certification such as ISO9001:2008,BSCI, ISO14001:2004.

"Oriented by customer demand and take the individual design as the tide, accurate customized ion as criterion and information sharing as platform", these are the service concepts which the company holds tightly to and by which provides the customers with entire solution by integrating the design, products, logistics, formation and service and sell its products to the Europe, South products, and North America, Africa and Middle East countries and regions and provides the excellent products of tarpaulin and canvas equipment for many excellent enterprises in the word.

With the continuous development of global tarpaulin and canvas products, MH Sewing has made its own product brand successfully and received the trust from many customers in the world and is developing with constant and stable speed. Modern facilities of plant are put into constantly, advanced technology is introduced and new products are researched and developed. TO meet the demand of our customers, the newly Invested and constructed modern new plant has been put into use wholly. We look forward more cooperation with MH Sewing and create a better future together!

TARPAULIN AND CANVAS EQUIPMENT BUSINRSS DIVISION

Introduction on Business Division of Tarpaulin and Canvas Equipment.

Business division of tarpaulin and canvas equipment is a traditional business division. For many years, it adheres to the tenet of "Quality Wins Customers' Trust" and by virtue of advantages of international top-ranking automatic welding equipment, high frequency heat sealing equipment, sewing equipment and multiple.

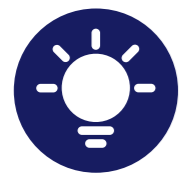

Production lines with high degree of automation, it realized to provide the comprehensive service resolution of design, manufacture, sale and service for customers.

At present, tarpaulin and canvas products have formed various series with characteristics: main of the series are: (1) SF-A/B plastics-coated tarpaulin and tarpaulin with oil wax, which are widely used in the field of large state grain depot, port terminal, train, storage yard and freight transport and soon; (2) durable and enhanced coating tarpaulin which is widely used in the land transportation, ocean transportation and severe weather like snowstorm; (3) anti-flaming tarpaulin with special purpose, three-proofing canvas, seepage-proofing canvas, protective tarpaulin; (4) trailer tarpaulin series which is adaptive for all kinds of trailers; (5) customized products, it is special-shaped products of various equipment cover, cover of protecting rain and the like which are customized according to the demand of customers; (6) tarpaulin and canvas equipment in the special industry which is customized for the special industry with super large tarpaulin and canvas products.

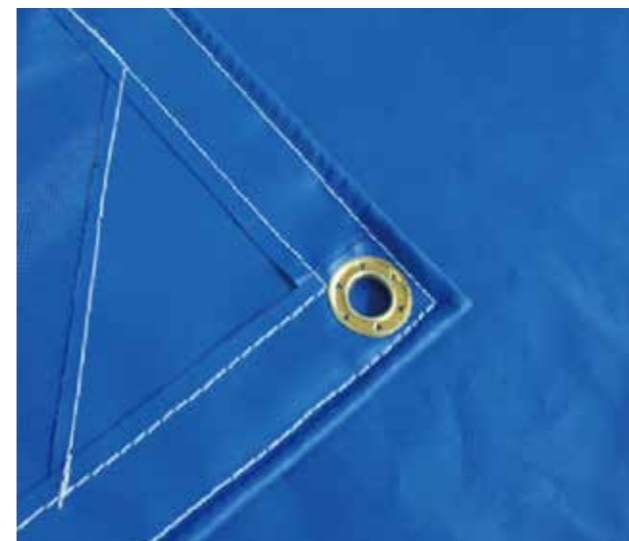

Business division of tarpaulin and canvas will insist as always to give the quality, innovation and perfect products and service to every honorable customer who trusts us, so your demand shall be the struggling goal of us.
